

8x8's Packet8 SIP trunking phone service is certified for the Microsoft Response Point phone system

Unparalleled Innovation. Unsurpassed Reliability.

Discover how easy communication can be.

# A Solution for Every Business

## Packet8 Business Phone Service®

### About 8x8

8x8, Inc. (Nasdaq: EGHT) offers voice, video and mobile communications solutions for business and residential customers. These solutions, marketed under the Packet8 brand, leverage existing broadband Internet connections and cellular networks to deliver advanced features and digital quality phone service at a fraction of the cost of legacy, copper wire alternatives. Businesses of any size, configuration or geographic location can benefit from the cost, performance and operational advantages of VoIP technology by selecting the solution that best fits their needs, whether it's the 8x8 Virtual Office Hosted iPBX phone system, Complete Contact Center, Hosted Key System or IP Trunking service. All 8x8 communications solutions carry little or no upfront investment, no maintenance or upgrade fees and no change in user behavior.

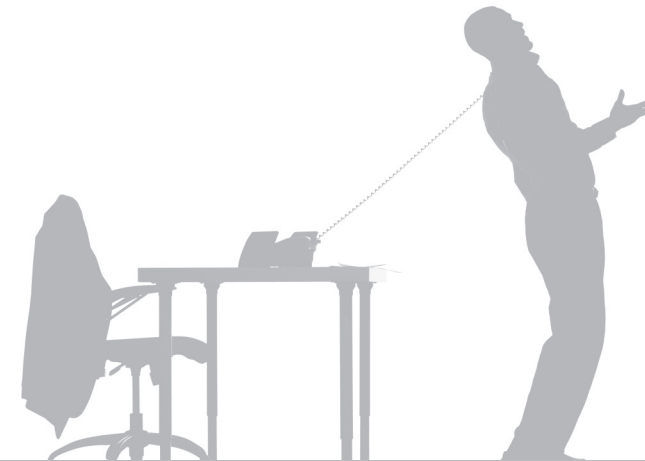

Since its establishment in 1987, 8x8 has contributed to the advancement of voice and video communications on both technology and service provision levels. The company has been awarded more than 70 U.S. patents with additional patents pending.

### IP Trunking Services

#### Virtual Trunking

#### SIP Trunking

With 8x8's expanded suite of business phone solutions, companies of any size, configuration or geographic location can benefit from the cost and performance advantages of VoIP technology with little or no upfront cost.
