

Packet8 Business Phone Service®

SIP Trunking

8x8 SIP Trunking is a flexible VoIP dial tone solution that can be tailored to meet the needs of virtually any size business. With low up front cost and rapid deployment, 8x8 SIP trunking can deliver instant savings for your business.

8x8 SIP Trunking Highlights:

- Free and unlimited calling between P8 enabled sites
- No minimums- pay-as-you-grow scalability
- Keep your existing phones and phone system
- Keep your current phone numbers
- Utilize your existing high-speed internet connection
- Inbound/Outbound service
- Toll Free numbers
- Award winning Packet8 digital voice network
- Nationwide footprint with over 7k rate centers
- Fully e911 and CALEA compliant

Unlimited on-net Calls

When your office calls any other 8x8 enabled site, your calls are **FREE** and **UNLIMITED**. This works with any combination of 8x8 services. There is no additional equipment or software required to enjoy this great savings.

Unlimited Concurrent Calls

Unlike traditional phone lines that allow one call per line, 8x8 SIP Trunking offers the flexibility of **UNLIMITED** calls. For one low monthly fee, users have access to as many lines as needed without the burden of paying for additional capacity every month.

Virtual Numbers

8x8 SIP Trunking allows your business to add multiple phone numbers with multiple area codes. This can mean local access numbers for your customers in more than 7,000 rate centers across the U.S.

The example below illustrates a 15 person company that only uses 8 lines during peak hours before and after 8x8 SIP Trunking.

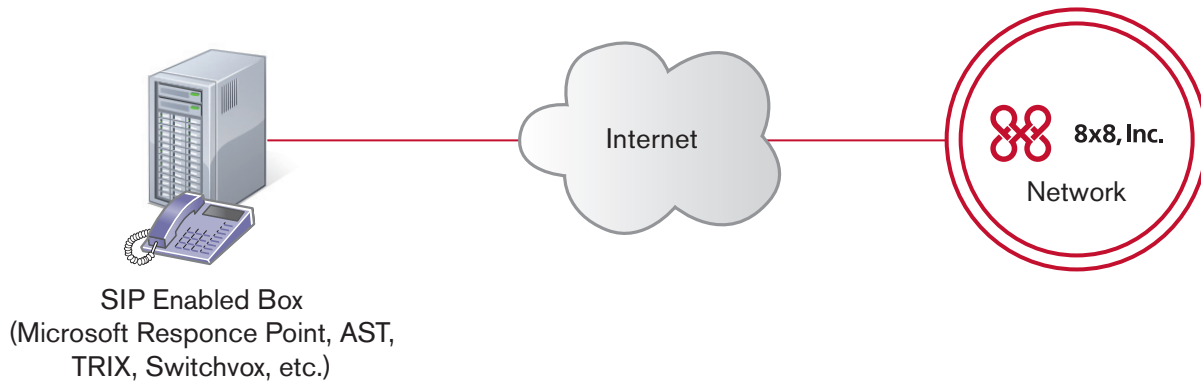

| Term commitment | Without 8x8 Trunking 2 Years | With 8x8 Trunking 2 years |
|------------------------------------|---------------------------------|------------------------------|
| Per month cost for 8 lines | 519.92 | Ø |
| Included LD minutes | Ø | 1000 |
| LD Rate | 0.035 | 0.03 |
| Customer average usage mins | 2700 | 2700 |
| Monthly usage fee | \$94.50 | \$81.00 |
| Total avg. Monthly Bill* | \$614.42 | \$115.99 |
| Total cost over term | \$14,746.08 | \$2,783.76 |
| Savings Per Month | Ø | \$498.43 |
| Total Savings over Term | Ø | \$11,962.32 |

*Does not include taxes and other regulatory fees

Packet8 Business Phone Service®

Simple

8x8 SIP Trunking connects your IP enabled phone system to the Public Switched Telephone Network (PSTN). 8x8 delivers high quality digital voice service nationwide and works with Tier 1 providers to ensure the best possible service.

Flexible Service

Use as much or as little service as your business requires. 8x8's pay-as-you-grow approach offers maximum flexibility and ensures that you never pay for capacity you don't need.
